Dear Mr. Van Rensburg,

RE: Response to Your Letter Dated February 18, 2025

Thank you for your letter.

With respect to your enquiries, please find below our response:

1. Porat Group (www.porat.com) is an Israeli respectable law firm, which provides its clients with a range of legal and regulatory services. Advocates Reizis, Woliner and Tzori are indeed lawyers in our firm and are known experts in legal and regulatory matters involving the online industries.
2. Porat Group has a close commercial relationship as legal advisors to Clearsky Network (www.clearsky-network.com), a reputable corporate services provider with extensive M&As brokerage services in the online industries (see <https://www.clearsky-network.com/marketplace/>) and significant presence and a vast network of local contacts in numerous key jurisdictions worldwide.
3. As Porat Group's relationship with its clients is under attorney-client privilege, we cannot comment on our clients' activities and transactions. However, we can confirm that Porat Group's sole activity is providing legal advisory and legal documents drafting services.
4. We confirm that Clearsky Network does not provide "proxies to obscure real owners and/or managers" or similar services, in any manner whatsoever.
5. We further confirm that neither Clearsky Network nor Porat Group were ever, directly or indirectly, involved in the actual operations and/or business doings of SKYMT or Nuvega, as both Clearsky Network and Porat Group are external services providers.
6. We kindly request you to stick to the facts to avoid damaging our and Clearsky Network's reputation.

Sincerely,

Porat Group
